Practice: Create a Dynamic Group
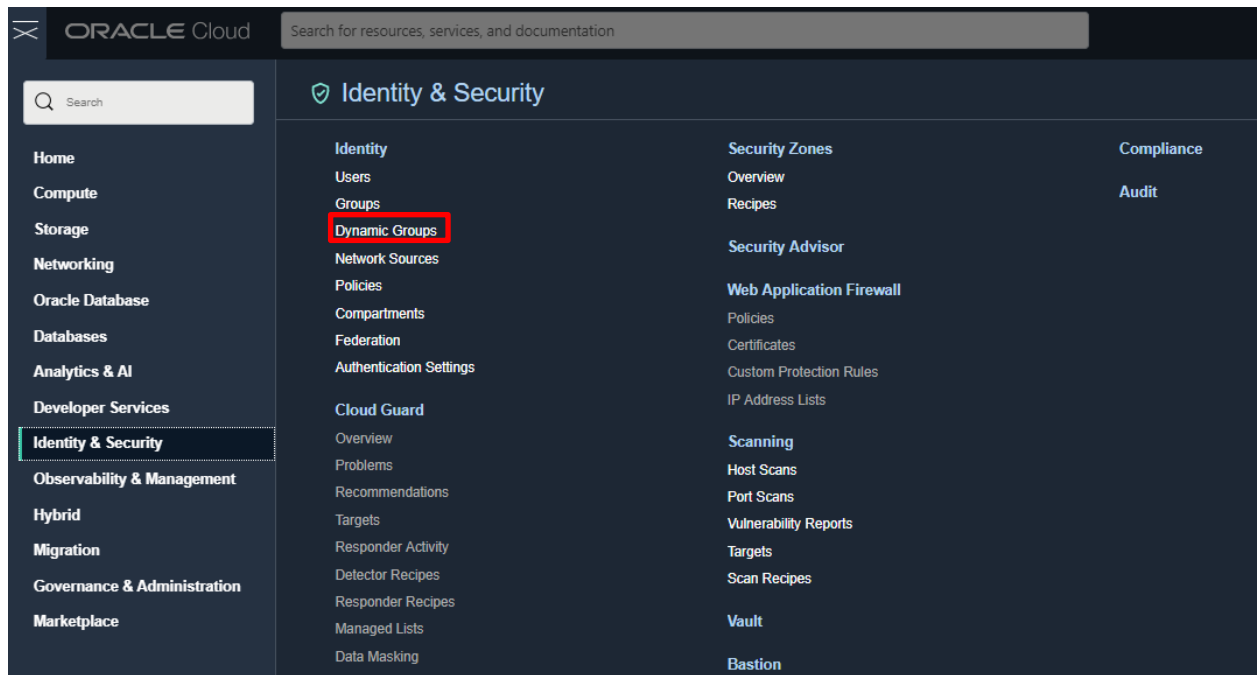

Try this hands-on lab with the Oracle Cloud Free Tier. If you do not have a free account, click [here](#) to get one.

Overview

In this practice, you create a dynamic group.

Tasks

1. Log in to your [Oracle Cloud Free Tier Account](#).
2. Enter into the OCI Console and open the navigation menu.
3. Navigate to **Menu** > **Identity & Security** > **Dynamic Groups**.

4. Click **Create Dynamic Group**.

    Name: OCI_DG

    Description: Dynamic Group for testing

Click **Rule Builder:**

In the **Include instances that match** drop-down list, select **All of the following.**

In the **Match instances with** drop-down list, select **Compartment OCID.**

For **Value**, enter the OCID of the Compartment.

5. Click **Add Rule**.

6. Click **Create**.

7. The dynamic group is created.
